

Product Termination Notification

IC-15X Controller (45-03285-01)

(For CE-X-36 Camera, L200 Lights, and P&T)

Description of Change: ROS IC-15X (P/N 45-03285-01) being discontinued

Notification Issued: October 1, 2020

Classification of Change: Product Termination

Reason for Change: Camera module for CE-X-36 being discontinued – replacing with HD (high definition) format. IC-15X cannot support HD format.

Expected Influence on Quality/Reliability/Performance: Not applicable

Part Number/Series/Family Affected:

ROS P/N 45-03285-01

Time Schedule:

Last Time Buy/Shipment Date: Once inventory is depleted

Recommended Replacement: New ROS IC-LINK HD Controller (will not support CE-X-36 Cameras). See datasheet next page

IC-LINK™ CONTROLLER

SPECIFICATIONS

IC-LINK™ Controller

The IC-LINK™ Controller is a user/control interface between the underwater camera inspection equipment and a monitor (not included) via HDMI cable. The IC-LINK™ controller allows the user to control the underwater inspection equipment as well as view video. The joystick allows camera control such as zoom, focus, and exposure; dual light command functions along with control of ROS pan & tilt units. The IC-LINK™ is not compatible with legacy CE-X cameras from ROS.

Power input	115-120 VAC, 50/60 Hz
Power rating	500 Watts MAX
Control Interface	USB Joystick
Compatibility	New ROS CEX-HD Camera, Legacy Pan & Tilts, MV-LED Lights (L200)
Features	HDMI Output, Self Diagnostics
Mounting	Table top
Housing material	Aluminum
Size	12.3"W x 6.8"L x 1.9"H (including connections)
Weight in Air	3 lbs.
Operating temp.	41°-122°F (5°- 50°C);
Humidity	20 – 80% RH (non-condensing)
Rear Connector	Amphenol Bayonet 18 Pin
Warranty	1 year
Options	Optional Storage/Travel Case
